

Qitmeer Raza

Frontend Web Developer | React, Next.js & JavaScript

iamqitmeer@gmail.com | +92-310-888-4192 | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

SUMMARY

I am a front-end developer skilled in React, Next.js, JavaScript, and Tailwind CSS. I build websites and enjoy learning new skills by working on real projects. I like collaborating with others to create simple, user-friendly solutions.

SKILLS

- **Technologies:** HTML, CSS, JavaScript (ES6+), Typescript, Bootstrap, Tailwind CSS
- **Frameworks & Libraries:** React.js, Next.js, Vite.js
- **Tools & Platforms:** Netlify, Vercel, GitHub, VS Code, Firebase
- **Other:** Microsoft Office

EDUCATION

- **GBCHS College Korangi No 3** 2023 - ongoing
Intermediate in Pre-Engineering
- **Government Boys Secondary School, KTS-II** 2021 - 2023
Completed Matriculation in Science

PROJECTS

E-commerce Website

Tools used: React.js, Firebase, Tailwind CSS, NextUI

[GitHub Repo](#) | [Live Demo](#)

- Developed a full-featured online store with admin controls for product management (add, edit, delete)
- Enabled user-friendly browsing, product detail viewing, and seamless cart and checkout processes
- Improved state management, user interactions, and responsive design

Financial Management Application

Tools used: React, CSS, Redux & Firebase

[GitHub Repo](#) | [Live Demo](#)

- Manage expenses, track income, calculate taxes, and plan budgets effectively with a user-friendly interface.
- Ensures data privacy through authentication and thorough testing for seamless functionality.
- Developed using React.js, Redux, Firebase, and CSS for dynamic, secure, and scalable performance.

Multiple Task Manager

Tools used: React.js, Tailwind CSS

[GitHub Repo](#) | [Live Demo](#)

- Functional Multiple Task Manager that organizes tasks by days, allowing users to add and manage separate to-dos for each day of the week.
- Enhanced understanding of state management, data handling, and user-centric design

CERTIFICATIONS

- **Saylani Mass IT Training (SMIT)** *2023 - ongoing*
Certification Full Stack Development
 - Focus on front-end technologies: HTML, CSS, JavaScript, React.js, and Next.js & Learning back-end development and MERN stack technologies.
- **SIMSAT COMPUTER ACADEMY** *2022 - 2023*
Certification in PCIT
 - Covered basics of Designing, Development, Accounting, and Complete MS Office suite

LANGUAGES

- English: Fluent
- Urdu: Fluent
